

Prescription Refills, Pap Refills, Medbox Refills and Medication Injection Policies

Effective June 1, 2009

Prescription Refills:

Please notify your pharmacy when you need a refill. They will call Jefferson Center with the request. Please allow 72 hrs (3 business days) for the request to be processed. If your refill has not been taken care of in that time, please contact your outpatient office.

Pap Refills:

Please notify your outpatient office when you need a refill. Please allow 72 hrs (3 business days) for the request to be processed. Same day refills will not be processed unless there are special conditions that require an emergency refill.

Medbox Refills:

Please schedule your Medbox refills with your nurse. You will need to meet with the nurse while the Medbox is being filled. Dropping off Medboxes will no longer be allowed.

Medication Injections:

Please schedule your medication injections with your outpatient nurse.
